Keene Bros.,
Westport, Conn.

Gentlemen:

If tomorrow is pleasant, I will be in Westport after 11:00 o'clock.

I find that I will need another load of gravel. There is no especial hurry about it. When you do deliver this, try to have your men roll back the chopping block which was washed about 30 ft. to the south of where it stood. The make-shift chopping block is where the new chopping block should go.

Also do your best to find a tree trunk so I can fasten the trumpet vine to it.

Very truly yours,

Curator
